Between 1st September 2013 and 31st August 2014, Ambulance Victoria paramedics rescued 1,165 children who had been left unattended in a car. Figures from Ambulance Victoria reveal that:

- Two thirds of call outs for children locked in cars were to car parks, streets or public places.
- The summer months (December 2013 - March 2014) were the busiest period with an average of four call outs to a child left unattended in a car per day.
- 42% of incidents occurred between 11am and 3pm

(Ambulance Victoria, November 2014)

Children are particularly at risk because they can lose fluid quickly, become dehydrated and suffer from heat stroke which can be life threatening.

The Victorian Districts Lions Crimewatch Committee is making available car stickers as pictured above to be placed on the driver's window as a gentle reminder not to leave kids in cars.
